

100% Lemon

Puree

les vergers
boiron

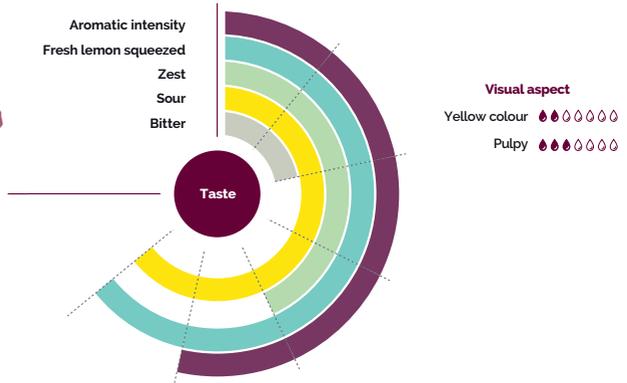

Fruitology®

100% lemon puree

Ingredient: lemon 100%

Origins

The Femminello variety of yellow lemon used for making 'Les vergers Boiron' puree grows in Sicily and is known for its juiciness and the quality of its essential oils.

Pairing suggestions

Morello cherry, raspberry, ginger, vanilla, black tea.

Colour

Yellow, pulpy juice.

Taste

The lemon juice is extracted with great care in order to avoid squeezing the white area (albedo), a source of bitterness. In this way we obtain juice with a rich zesty flavour, very close to that of freshly pressed lemons.
