

# 100% Raspberry

Puree

les vergers  
boiron

# Fruitology®

## 100% raspberry puree

Ingredient: raspberry 100%

### Origins

The raspberries for making 'Les vergers Boiron' puree are grown in Serbia, in open fields on hillsides at an altitude of between 600 and 1000 metres. They are handpicked using traditional methods. Our blend is comprised of the Mecker and Willamette summer varieties.

### Pairing suggestions

Passion fruit, lychee, white peach, fig, lemon, Earl Grey tea, rose, dill, green anis, licorice, black sesame, greek yogurt.

### Colour

Dark reddish-pink with a combination of the pinker Mecker raspberry and the darker, glossier Willamette.

### Taste

Raspberry puree from 'Les vergers Boiron' leaves a slightly acidic taste on the palate thanks to the balance between the sugar naturally present in the Mecker variety and the acidity of the Willamette.
